Parks and Community Facilities Development

2007-2011 Adopted Capital Improvement Program

Overview

Introduction

The Parks, Recreation, and Neighborhood Services Department's (PRNS) vision is "*Communities of People Connected by Play, Hope, and Joy in Life*." The Department's mission is "Support the livability of neighborhoods, offer opportunities for individuals to enjoy life, and strengthen communities of people." The vision and mission are the basis for providing the Parks and Community Facilities Development Capital Improvement Program (P&CFD CIP) with a long-term capital investment plan for the acquisition, development, and maintenance of parks, recreational facilities, trails, and open space. Furthermore, the P&CFD CIP is a part of the Neighborhood Services City Service Area (CSA), supporting two of the CSA's outcomes: 1) *Safe and Clean Parks, Facilities and Attractions*, and 2) *Vibrant Cultural, Learning and Leisure Opportunities*.

The 2007-2011 Adopted CIP provides funding of \$403.3 million, of which \$303.0 million is allocated in 2006-2007, the first year of the CIP. The primary budget theme this year continues to be "Clean, Safe, and Open Parks," a theme that is echoed in the 2006-2007 Adopted Operating Budget. To support the budget theme along with the Department's vision and mission as well as the CSA's outcomes, the P&CFD CIP was created based on the following strategies:

- Complete projects currently underway;
- Fund projects to address health and safety, Americans with Disabilities Act (ADA) issues; and
- Fund projects that are maintenance friendly.

Within the above context, the City seeks to implement as many as possible of the 20-year strategic objectives outlined in the "Greenprint; A 20-Year Strategic Plan for Parks and Community Facilities and Programs" (Greenprint), which was adopted by the City Council in September 2000. The major CIP-related objectives of the Greenprint are 1) to acquire, develop, and preserve parks and open space, 2) to provide safe and clean recreational facilities that address the needs of diverse constituencies, and 3) to create a city-wide trail system that encourages alternative transportation modes and provides access to recreational opportunities.

This Adopted P&CFD CIP attempts to balance the delivery of a capital program that is responsive to community needs and is at the same time cognizant of the limited resources to maintain and operate parks and recreational facilities. This balancing includes the need to address, at least partially, how to manage and plan for the City's aging infrastructure.

Program Priorities and Objectives

As previously mentioned, the Greenprint was adopted by the City Council on September 5, 2000. This plan, containing input from over 1,800 residents, provides major guidelines for implementation of the P&CFD CIP. The Greenprint identified a need for \$1.2 billion of additional parks and recreational facilities. This substantial cost reflected the fact that San José had fallen behind in efforts to provide a balanced park and recreational system proportional to its population. The Greenprint presented both city-wide and

Overview

Program Priorities and Objectives (Cont'd.)

Council District strategies for achieving the community's vision for parks and recreational facilities by the year 2020.

Funding Assumptions

The priorities for the 2007-2011 P&CFD CIP are to:

- complete projects that are currently in the pipeline;
- fund projects that address health and safety issues; and
- fund projects that minimize maintenance, since resources for maintenance have significantly declined.

A more detailed discussion of the assumptions used in formulating the overall Adopted CIP is provided in Attachment C.

Impact on the General Plan

Service level objectives for parks and recreation facilities were identified in the San José 2020 General Plan for the City of San José (adopted August 16, 1994). These objectives and the expected performance after the implementation of the 2006-2007 Adopted Budget and 2007-2011 Adopted CIP are shown on the following chart:

<u>Service Level Objectives</u>	<u>Actual as of 6/30/05</u>	<u>Adopted 2006-2007</u>	<u>Adopted 2007-2011</u>
3.5 acres of neighborhood and community serving recreational lands per 1,000 population*	2.99	2.97	2.87 (Acres)
7.5 acres of regional/City-wide park lands per 1,000 population (Valley Floor)	2.54	2.52	2.42 (Acres)
500 square feet of community center floor area per 1,000 population	354.9	306.7	377.2 (Sq. Ft.)

- * This does not include natural/open space acreage within parks that cannot be utilized for recreational purposes. This amount is to be a minimum of 1.5 acres of City-owned park lands and up to 2.0 acres of school playgrounds, all of which is located within a reasonable walking distance. Calculations of service level objectives are based on State Department of Finance population statistics for 2004 and assume a 0.7% annual increase in the City's population for future years. It should be noted that the numbers identified for the 2006-2007 Adopted Capital Budget and 2007-2011 Adopted CIP do not reflect the progress toward service level of objectives that would result from any future acquisition of park land and/or facilities for which a reserve has been established.

Sources of Funding Highlights

The 2007-2011 Adopted P&CFD CIP has four primary sources of funding used to support the program priorities, objectives, and

strategies already discussed: 1) Construction and Conveyance Tax revenue; 2) Revenue from the sale of General Obligation Bonds (Parks and Recreation Bond Projects Fund); 3) Parkland Dedication/Impact Fees; and

Parks and Community Facilities Development

Overview

Sources of Funding Highlights (Cont'd.)

4) Federal, State and local grants. These revenues are distributed to 17 individual funds that support the P&CFD CIP. Additional detail on these revenues is provided in Attachment D.

Construction and Conveyance Tax

The City's C&C Tax has historically been the primary source of support for the P&CFD CIP. This revenue source is actually two taxes; a construction tax levied on residential, commercial and industrial development and a conveyance tax that is levied whenever there is a transfer of real property. The P&CFD CIP receives 65.2% of the City's Construction and Conveyance Tax. Approximately 98% of this tax is derived from a transfer tax imposed upon each transfer of real property with the remaining 2% generated from a construction tax levied on most types of construction. For the 2007-2011 CIP, it is assumed that collections allocated to the P&CFD Capital Program will fall to \$17,604,000 in 2006-2007 (from the current year estimate of \$28,688,000) and will level off at \$14,996,000 annually for each of the remaining years of the CIP. The phenomenal strength of the local real estate market has driven growth in this category over the past several years. It is anticipated that the housing market will soften and C&C tax receipts will stabilize at a lower and more sustainable level over the next five years.

Parks and Recreation Bond Projects Fund

In the 2007-2011 Adopted CIP, \$109.7 million is included for the construction of Bond projects. This allocation will provide funding to construct all of the remaining Bond projects with the exception of the two

sports fields. Projects that have not yet been completed include Bascom Community Center, Mayfair Community Center, Roosevelt Community Center, Solari Community Center, Emma Prusch Memorial Park, the Soccer Complex, the Softball Complex, Los Gatos Creek Trail, Coyote Creek Trail, Guadalupe River Trail and Happy Hollow Park and Zoo.

Parkland Dedication Ordinance and Park Impact Ordinance Fees

The City Council adopted the Parkland Dedication Ordinance (PDO) in 1998 and the Park Impact Ordinance (PIO) in 1992. These ordinances require the dedication of land, development of park amenities and/or the payment of in-lieu fees from developers to meet the recreational needs generated by new housing development. The 2007-2011 Adopted CIP includes \$70.0 million from this source.

Federal, State and Local Grants

The 2007-2011 Adopted CIP also includes funding from a variety of federal, State and local grants. One of the largest components anticipated for 2006-2007, but not fully reflected in this Budget, is Proposition 40 funding from the State. In August 2003, the City was notified that allocations have been finalized under the 2002 Resources Bond Act (Proposition 40) California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002. Under the Bond Act, the City is entitled to two categories of funding: Roberti-Z'Berg-Harris Urban Open Space and Recreation Grant Program (RZH Grant Program) and the Per Capita Grant Program. These funds are programmed once the individual project

applications are prepared and approved by the State, and the projects are ready to move forward. Once the projects have been completed the State reimburses the City for the project costs.

The RZH Grant Program is designed to address high-priority projects that satisfy the most urgent park and recreation needs, with an emphasis on unmet needs in the most heavily-populated and most economically disadvantaged areas within each jurisdiction. Grant funds from this program may be use to

fund projects of the following types: 1) acquisition of open areas, historic sites and structures, and lands and structures to be converted to recreation use; 2) development and/or rehabilitation of park and recreation lands and facilities; 3) special major maintenance of park and recreation lands and facilities (may not exceed 30% of the grant); and 4) innovative recreation programs.

Over the past few years, the City has been allocated \$8,344,000 in RZH funding. Some of the park projects which are funded through this source and are currently in various stages of planning or development are outlined in the following chart.

RZH Grant Program Funding

<u>Project</u>	<u>Description</u>	<u>Amount</u>

Federal, State and Local Grants (Cont'd.)

The Per Capita Grant Program is intended to maintain a high quality of life for California's growing population by providing a continuing investment in parks and recreational facilities. The funds are specifically allocated for the acquisition and development of neighborhood, community, and regional parks

and recreation lands and facilities in urban and rural areas. Projects eligible for funding under this program include acquisition, improvement, rehabilitation, restoration, enhancement, and the development of local parks and recreational lands and facilities. Per Capita Grant Program funds can only be used for capital outlay. The State has allocated \$9,979,000 to fund parks in San José, including projects outlined below which are currently in process.

Per Capita Grant Program Funding

<u>Project</u>	<u>Description</u>	<u>Amount</u>
Starbird Youth Center	Modification of existing 10,000 sq.ft. two-story building to accommodate a community center in Council District 1	\$ 350,000
Avenida Espana Park	Park improvements	300,000
PAL Stadium	Funding for restroom and ADA improvements	250,000
Nisich Park Acquisition	Acquisition funding/match to San José Redevelopment Agency Funds	825,000
Lake Cunningham	Replacement of non-compliant playground equipment to meet ADA and safety requirements	737,000
Lake Cunningham Skate Park	Development of a skate park facility	1,037,000

Neighborhood Parks, Community Centers, Regional Parks, and Other Recreational Areas

PRNS is continuing with its investment in neighborhood parks, community centers, and regional parks and facilities, particularly with the funding provided by the Parks and Recreation Bond Projects Fund.

As a result, this five-year P&CFD CIP includes a considerable amount of capital investment. Following are highlights of renovations and new facilities included in the 2007-2011 Adopted CIP.

Trails Development

The City's trail network includes over 20 systems along river, creek, and overland alignments. A general overview map detailing the existing and proposed trail system can be found in the front of this capital program.

A trail system database was developed to identify all existing and potential project reaches. Each reach in the network is classified in terms of its development. The City has 29 Trail Systems with nearly 38 miles of trails which are already open to the public. It is important to note that a significant portion of trail funding is intended to be provided through outside grants. As a result, however, such revenue is not recognized until the funds are secured; and therefore, cannot be reflected in the following table. The City has been allocated funds from a variety of open space and transportation-related grant sources, some of which are outlined below.

The P&CFD Capital program also provides funding for the Art in Public Places Program. The 2007-2011 Adopted CIP provides funding for the required two percent allocation for the public art/artistic design element of qualifying projects. The total amount of funding budgeted for Public Art over the next five years is \$2.3 million. (For additional detail, please see Attachment E.)

Park Trust Fund and the Parkland Dedication and Park Impact Ordinances (PDO/PIO)

Since the 1998 ordinance revisions, the following Parkland Agreements have been

executed, providing 22.0 acres of dedicated parkland:

- 5.6 acres at Silver Creek Ranch by Cerro Plata Associates*;
- 12 acres adjacent to Alviso Park by Cisco Systems Incorporated*;
- 1.0 acres as part of Greenbriar's Hillstone project and 35 acres of open space*;
- 1.8 acres of Chelmers as part of Ryland Homes project and 4.9 acres of open space*; and
- 1.6 acres known as part of the Cahill Park by the Castle Group.

* Land dedication only – no park development associated with the dedication

Program Highlights (Cont'd.)

Park Trust Fund and the Parkland Dedication and Park Impact Ordinances (PDO/PIO) (Cont'd.)

Staff are also currently working with developers on the following projects to provide 15.62 acres of additional parkland:

- 5.0 acres Martin Park Expansion - KB Homes;
- 2.2 acres Del Monte Housing Project - KB Homes;
- 2.0 acres Global Lane - ROEM Development;
- 1.5 acres Communications Hill Park - KB Homes;
- 1.5 acres Newhall/Campbell Avenue - Pulte Homes;
- 1.25 acres McKay and Lundy - Riding Group;
- 0.9 acres O'Connor Park Expansion - KB Homes;
- 0.9 acres Sunny Court Bonita - KB Homes;
- 0.3 acre Cherryview Park - ROEM Development; and
- 0.07 acres San Antonio and 34th Street Tot Lot - KB Homes.

In an effort to provide an incentive to developers to increase land donations and to enable the City to generate sufficient fees to acquire land, the basis for calculating PDO/PIO fees was amended in 1998 to tie the fees to actual land values for the individual Multiple Listing Service Areas used by the local real estate board. Fees are currently set at approximately 70% of land values associated with the 2001 Land Evaluation

Study. PRNS, with the help from the Finance Department has recently completed reconciling the Park Trust Fund. The Adopted CIP incorporates the reconciliation and establishes many new projects and reserves. A complete report on this reconciliation was reviewed by the City Council in June 2006.

Non-Construction Projects

A number of ongoing non-construction projects are included in the Council District and City-wide C&C Tax Fund budgets. Several of these items are not accompanied by detail pages and appear unnumbered on respective Source and Use summaries. The following is a brief description of these projects:

- **Minor Building Renovations and Minor Park Renovations:** These items are continuing in all district budgets, providing the means to address short-term minor capital maintenance needs throughout the year.
- **Pool Repairs:** These items will continue in select district budgets where pools are located.
- **Preliminary Studies and Property Services:** Continued funding will enable Parks and Community Facilities Development staff to do research, respond to City Council inquiries, and provide real estate services and related activities prior to implementation or recommendations for formal projects.

Parks and Community Facilities Development

2007-2011 Adopted Capital Improvement Program

Overview

Program Highlights (Cont'd.)

Non-Construction Projects (Cont'd.)

- **School Improvement and Community Grant Programs:** These allocations continue to be cost-effective means to address service level deficiencies.
- **Enhanced Parks Maintenance:** In addition to the 15% transfer of Central Fund dollars for park maintenance, Council Districts 1, 2, 3, and 8 have allocated an additional 5% of District C&C Tax funds for enhanced maintenance programs.
- **Reserves:** In addition to specific project allocations, the Adopted CIP includes various reserves for capital replacement needs, future park acquisition, and park development opportunities. Reserves for future park acquisition and development will be recommended for allocation as project scopes are refined and new development opportunities arise.

Major Changes from the 2006-2010 Adopted CIP

Major changes from the 2006-2010 Adopted CIP include the following:

- The 2007-2011 Adopted CIP includes increases the project allocations for many remaining bond-funded projects to reflect escalating construction costs. The primary sources of funding used to increase these budgets are estimated interest earnings on bond proceeds; the use of the Bond Contingency Reserve; and revenues from other funds, such as

the Construction and Conveyance Tax Fund, the San José Redevelopment Agency, and the Park Trust Fund.

- As previously mentioned, PRNS has recently reconciled the Park Trust Fund. This CIP includes \$69.8 million for new projects and reserves, as a result of that reconciliation.
- The 2007-2011 CIP changes the Strategic Capital Replacement Reserve into an active project starting in 2006-2007. This project has an annual allocation in each District and the City-wide Fund for infrastructure replacement needs such as resurfacing parking lots and hard courts, replacing pool pumps and roof repairs.
- This CIP includes \$1.0 million from the Parks City-wide Construction and Conveyance Tax Fund for the Los Lagos Golf Course Safety Improvements project. This project provides funding for improvements such as the installation of safety netting along holes 6, 17 and 18 and the installation of trees along the perimeter and interior holes.

Operating Budget Impact

When completed, projects included in the 2007-2011 Adopted CIP or planned by other agencies, particularly the San José Redevelopment Agency, will have a significant impact on the General Fund Operating Budget. Given the fiscal difficulties facing the City, these operating and maintenance (O&M) costs will present a significant challenge.

Operating Budget Impact (Cont'd.)

A total of 20 projects in the 2007-2011 Adopted CIP will have an impact on the General Fund operating budget. The following table shows the projected net impact of these projects. All projects anticipated to be operational in 2006-2007 were addressed with an augmentation of \$1.4 million in the 2006-2007 Adopted Operating

Budget. Additional detail on the individual projects with operating budget impacts is provided in Attachment A at the conclusion of this overview and in the Project Detail Pages. Impact of the individual projects that are developed by other agencies is provided in Attachment B at the conclusion of this overview. The operating budget impacts of reserves that will be used to fund projects in the future are not reflected in the CIP.

¹ Projects being constructed by other agencies, that will be maintained by the City of San José.

Note: The estimated operating costs have been provided by the Parks, Recreation and Neighborhood Services Department and have not yet been fully analyzed by the Budget Office. That analysis may well result in different costs when the actual budget for the year in question is formulated.

Fixtures, Furnishings and Equipment

In addition to O&M costs, a significant amount of funding will be necessary to purchase fixtures, furnishings, and equipment (FF&E) for new facilities funded by Parks and Recreation Bond proceeds. Because these costs are not eligible for bond funding, alternate funding through the District Funds and the Central Fund is budgeted. Included in the 2007-2011 Adopted CIP are C&C funds for FF&E for the following facilities that are coming on line in 2006-2007:

- \$51,000 - Almaden Lake Park; and
- \$55,000 - Emma Prusch Memorial Park.

Also included in the CIP are several reserves to address, or partially address, Community Centers opening in a future year. These reserves include:

- \$300,000 - Bascom Community Center FF&E (2009-2010 allocation);
- \$276,000 - Mayfair Community Center FF&E (2008-2009 allocation);
- \$570,000 - Roosevelt Community Center FF&E (2007-2008 allocation); and
- \$250,000 - Solari Community Center FF&E (2009-2010 allocation).

Council-Approved Revisions to the Proposed Capital Improvement Program

During the June budget hearings, the City Council approved the rebudgeting of unexpended funds for 113 projects totaling \$13,233,181.

- Five bond projects totaling \$2,063,000 were rebudgeted including: Almaden Lake Park (\$1,243,000); Almaden Community Center Multi-Service (\$300,000); Camden Community Center Multi-Service (\$300,000); Emma Prusch Memorial Park (\$144,000); and TRAIL: Saratoga/San Tomas Aquino Creek Reach VI (\$76,000).

Overview

Council-Approved Revisions to the Proposed Capital Improvement Program (Cont'd.)

- 68 Construction and Conveyance Tax funded projects totaling \$6,646,000 were rebudgeted. Significant rebudgets include: Youth Center-District 1 (Starbird Youth Center) (\$1,067,000); Parks Fixtures, Furnishings and Equipment (\$900,000); TRAIL: Airport Parkway Under-Crossing (\$630,000); Almaden Community Center Fixtures, Furnishings and Equipment (\$300,000); Yerba Buena/San Felipe Corner Park Improvement (\$250,000); Cahill West Park Improvements (\$200,000); Parks and Recreation Bond Projects (District 7) (\$196,000); and Parks and Recreation Bond Projects (District 5) (\$190,000).
- Nine General Fund supported projects totaling \$2,103,000 were also rebudgeted including: Tamien Station Skateboard Park Development (\$622,000); Parks and Recreation Bond Projects (\$588,000); Mayfair Summer Aquatics Program (\$379,000); and Watson Site Clean-up and Restoration (\$288,000).
- 31 Special Revenue Fund-supported projects (including the Park Trust Fund, San José Redevelopment Agency and Lake Cunningham Fund) totaling \$2,421,181 were also rebudgeted including: Perimeter Landscaping (\$1,158,000); Floyd and Locust Park Expansion (\$215,000); Edenvale/Great Oaks Community Center (\$161,084); Flickinger Park Improvements (\$145,000); and Youth Center-District 1 (Starbird Youth Center) (\$140,000).

In addition to these rebudgets, the City Council approved the addition of three new projects in the Parks and Community Facilities Development Program. The additions include:

- TRAIL: Thompson Creek Easement \$145,000 (City-wide C&C);
- Evergreen Community Center Fixtures, Furnishings and Equipment \$65,000 (Council District 8 C&C); and
- Cahill Park Improvements \$176,000 (Park Trust Fund, previously budgeted as a reserve).

In addition to these items, there were several other council actions that took place in June, that affected the PRNS Capital Budget. The Council-approved Mayor's June Budget Message increased the Vietnamese Cultural Community Center project by \$300,000 (\$150,000 Council District 7 C&C and \$150,000 City-wide C&C). Manager's Budget Addendum Number 33 (MBA #33) increased the Columbus Park Horseshoe Court project by \$410,000 (City-wide C&C), and a council action taken during the approval of the Mayor's June Budget Message decreased the Council District 2 Parks and Recreation Bond Projects and increased the Reserve: Community Center Development. The offsetting adjustment to all of these actions is the Ending Fund Balance.

Attachment C – Description of Five-Year Funding
Assumptions

The following assumptions were used in formulating the overall five-year P&CFD CIP:

1. The plan was formulated in conformance with City Council water conservation and planting policies.
2. An Art in Public Places allocation of 2% was established for qualifying projects.
3. Construction and Conveyance (C&C) Tax revenue is allocated according to the “needs-based” allocation criteria adopted by the City Council.
4. A 15% transfer from the Parks Central Fund to the General Fund for operations, including contractual maintenance, is incorporated in each year of the 5-year CIP.
5. In January 1996, the City Council approved an additional allocation of up to 5% of each Council District’s annual C&C funds to be made available for enhanced maintenance projects, if so requested.
6. Parks C&C tax revenue distribution methodology reflects changes to the Park and Community Facilities Inventory as of July 1, 2004.
7. Debt-financed facilities are not included in the inventory for the purpose of C&C revenue distribution until debt is paid off.
8. The 2% “special needs” allocation of C&C Tax revenues in each Council District may be expended on special projects that need not address service level deficiencies.
9. Expenditures on improvements to school sites are not restricted to the “special needs” allocation; the District Inventory is adjusted to reflect investment on school lands as addressing service level deficiencies (i.e., school improvements are treated as if made on City-owned lands).
10. City-owned facilities will continue to be classified for purposes of C&C Tax revenue distribution according to their functional use by the public and not by how the department manages the facility.
11. PDO and PIO fees are used to develop facilities to serve the neighborhoods/community in which the fees were collected and are budgeted only after receipt. Expenditures are not limited by Council District boundaries.
12. The City will continue to pursue one-time and last-chance land acquisition opportunities, including trails and greenways.
13. The City will move forward to implement facility improvements to comply with the Americans with Disabilities Act (ADA).
14. Opportunities for outside funding (e.g., federal, State, and other grants) will be pursued.

Attachment D – Description of Funding Sources

The major revenue sources that support the P&CFD CIP are described below.

Construction and Conveyance Tax

The City's C&C Tax has historically been the primary source of support for the P&CFD CIP. This revenue source is actually two taxes — a construction tax levied on residential, commercial and industrial development and a conveyance tax that is levied whenever there is a transfer of real property.

Of the total C&C tax revenues received, the majority is allocated to the Parks Capital Program (64% for Parks C&C funds and 1.2% for Park Yards), with the remaining funds distributed to the Public Safety, Library, Service Yards and Communications Capital Programs. The Parks C&C funds are initially deposited into the Park Central Fund from which system-wide non-construction costs, capital equipment, and maintenance costs along with transfers to the General Fund are allocated. The remaining balance is then distributed as follows: one-third to a City-wide Parks Fund and two-thirds to ten Council District funds for neighborhood/community parks and recreational facilities.

Of the amount distributed to Council District funds, 20% of the total is set aside for distribution to ten Council District funds (2% per district). This is referred to as the "special needs" allocation. The remainder of the neighborhood/community park C&C tax revenue is distributed to Council District funds according to the following four criteria:

- Neighborhood and community-serving park acres per 1,000 population;

- Developed neighborhood and community-serving park acres per 1,000 population;
- Square feet of neighborhood or community-serving center space per 1,000 population; and
- Developed park acres and facilities in good condition per 1,000 population.

This allocation of C&C revenue is referred to as the "needs-based" allocation and will vary district by district based on the above listed criteria.

Parks and Recreation Bond Projects Fund

On November 7, 2000, San José voters approved Measure P, a \$228 million general obligation bond for park and recreational improvements. This bond will provide funding over a 10-year period to renovate 69 neighborhood parks, renovate six community and senior centers, add 3 new community centers, build new sport complexes, expand the City's trail system at four locations, enhance four regional park facilities, including implementing a number of improvements and renovations at Happy Hollow Park and Zoo.

Parkland Dedication Ordinance and Park Impact Ordinance Fees

The City Council adopted the Parkland Dedication Ordinance (PDO) in 1998 and the Park Impact Ordinance (PIO) in 1992. These ordinances require the dedication of land, development of park amenities and/or the payment of in-lieu fees from developers to meet the recreational needs generated by new housing development.

Parks and Community Facilities Development
2007-2011 Adopted Capital Improvement Program
Attachment D – Description of Funding Sources

Parkland Dedication Ordinance and Park Impact Ordinance Fees (Cont'd.)

The primary purpose of the PDO/PIO is to help achieve the City's adopted service level objectives for neighborhood/community parks. It is important to note that PDO/PIO funds must be allocated to projects that benefit the residents of the housing units that generate the original fees. To that end, the highest priority for use of PDO/PIO fees is acquisition and development of new neighborhood/community parks to serve those housing developments. Second in priority is the development of currently undeveloped neighborhood/community parkland followed by the renovation of existing neighborhood/community park facilities to increase capacity that addresses the impact of new residents. PDO/PIO funds may also support neighborhood-serving elements in regional parks (i.e., the play area at Lake Almaden Regional Park).

In-lieu fees are deposited into the Park Trust Fund on a continuous basis throughout the year. The Council-approved methodology for allocation of these fees is to budget only actual receipts, since it is not possible to project accurately when developers will pay the in-lieu fees. In-lieu fees are collected for housing projects under 51 units or where land dedication is not desirable.

Open Space Authority 20% Funding Program

The Santa Clara County Open Space Authority (OSA) works to preserve open space and create greenbelts, developing and implementing land management policies consistent with ecological values and compatible with agricultural uses that provide proper care of open space lands and allow public access appropriate to the nature of the land for recreation. OSA approved the 20%

program to assist participating jurisdictions with their own open space acquisition programs. OSA program funds are allocated among participating jurisdictions based on each jurisdiction's percentage of parcels within the assessment district. In this program, the City has 74% of the parcels assessed. This assessment generates approximately \$450,000 annually toward the City benefit. To access these funds, the City's Parks and Recreation Commission recommends possible open space acquisition properties and/or development of open space facilities to the City Council. If approved by the City Council, the City must then make a formal request to the OSA Board of Directors. If approved, OSA will either place their funds directly into an escrow account for a specified open space acquisition or reimburse the City for improvements built per OSA requirements. The following lists OSA's permitted uses for the 20% funds:

1. Acquires open space areas that either preserve or restore natural environment, provides scenic preservation, establishes greenbelts and urban buffers, supports agricultural preservation, outdoor recreation areas that are minimally developed, and/or trail connections between open space lands of regional significances, or between urban areas and open space lands.
2. Enhances a site's open space benefits, including rehabilitation consistent with OSA's definition of environmental restoration. (Environmental restoration is defined as the improvement or rehabilitation of degraded ecosystems.)
3. Enhances public awareness and appreciation of open space (e.g., trails, overlooks, observation blinds, benches, interpretive signage programs).

(Cont'd.)

4. Converts “abandoned lands” (e.g., utility right-of-ways, surplus school sites, quarries, etc.) into lands with open space benefit consistent with the Authority’s definition of open space.

Federal, State and Local Grants

The City receives a variety of federal, State, and local grants that provide support to capital projects, generally on a reimbursement basis and many times with matching requirements. Funding requirements and criteria vary depending on the grant.

Major Changes in Project Cost:

2004-2008 CIP - increase of \$201,000 due to refinements to scope and construction cost elements.

2005-2009 CIP - increase of \$101,000 due to funding for the purchase of fixtures, furnishings and equipment not being included in the original project budget.

2006-2010 CIP - decrease of \$140,000 due to these project costs being allocated from the Park Trust Fund.

Notes:

This project is funded with Proposition 12 grant funds (\$900,000), Council District 1 Construction and Conveyance Tax funds (\$167,000), and Park Trust funds (\$140,000).

* The anticipated operating and maintenance costs have been incorporated into the 2006-2007 Adopted Operating Budget.

11. Citywide Pool Assessment Feasibility Study

CSA: Neighborhood Services **Initial Start Date:** 3rd Qtr. 2006
CSA Outcome: Safe and Clean Parks, Facilities and Attractions **Revised Start Date:**
Department: Parks, Recreation and Neighborhood Services **Initial Completion Date:** 2nd Qtr. 2007
Council District: 1 **Revised Completion Date:**
Location: City-wide

Description: This project provides funding to develop an aquatics master plan that would recommend the type and programmatic requirements for aquatics facilities throughout the City along with geographic locations that respond to demographic patterns.

Justification: A pool assessment study completed in 2005 identified health and safety issues with four City pools. A significant financial investment is required to make repairs to these facilities, which no longer meet the needs of the current population.

Location: South Sixth Street and William Street

Description: This project initially funded the purchase of land for the Sixth and William parksite. The development of this park is now being funded and constructed by the San José Redevelopment Agency. City funds will be used for the installation of a gazebo that was purchased by a community group. All remaining funds will be used, as needed, for post-construction costs.

Justification: This project provides funding for additional parkland in a park-deficient neighborhood.

Major Changes in Project Cost:

2003-2007 CIP - increase of \$270,000 due to funding being added to the budget to begin the development of the park. When this project was originally allocated, only funding for land acquisition was budgeted, therefore, after the land was acquired, funding to develop and construct the park was added.

2004-2008 CIP - increase of \$74,000 due to changes in project scope and construction cost elements.

Notes:

Additional funding of \$15,000 was provided in the Park Trust Fund (375) for this project.

Description: This project provides funding for capital infrastructure improvements, such as updating irrigation systems, replacing water-intensive landscaping with lower water usage plants, and replacing fixtures, furnishings and equipment that require frequent repairs, to help reduce ongoing operating and maintenance costs. This funding is provided for three years, starting in 2004-2005 per City Council direction.

Justification: This project provides funding to implement an aggressive capital maintenance effort to reduce ongoing operation and maintenance costs for parks and community facilities.

12. Reserve: Mabury Park Development

CSA: Neighborhood Services **Initial Start Date:** N/A
CSA Outcome: Safe and Clean Parks, Facilities and Attractions **Revised Start Date:**
Department: Parks, Recreation and Neighborhood Services **Initial Completion Date:** N/A
Council District: 4 **Revised Completion Date:**
Location: Commodore Drive and Jackson Avenue

Description: This reserve provides funding to construct a park at this undeveloped park site in conjunction with the Santa Clara Valley Water District, Berryessa Union School District, and Santa Clara County Parks. The park will include youth and tot lots, picnic areas, open turf area, parking lot, and restroom, linking to the County's park located adjacent to the City site.

Justification: This reserve addresses neighborhood concerns regarding the lack of open and recreational space available in the Independence High School area.

Detail of Capital Projects

1. Capital Maintenance Projects

CSA: Neighborhood Services **Initial Start Date:** N/A
CSA Outcome: Safe and Clean Parks, Facilities and Attractions **Revised Start Date:**
Department: Parks, Recreation and Neighborhood Services **Initial Completion Date:** N/A
Council District: 5 **Revised Completion Date:**
Location: Various

Description: This project provides funding for capital infrastructure improvements, such as updating irrigation systems, replacing water-intensive landscaping with lower water usage plants, and replacing fixtures, furnishings and equipment that require frequent repairs, to help reduce ongoing operating and maintenance costs. This funding is provided for three years, starting in 2004-2005, per City Council direction.

Justification: This project provides funding to implement an aggressive capital maintenance effort to reduce ongoing operation and maintenance costs for parks and community facilities.

Major Changes in Project Cost:

2004-2008 CIP - increase of \$249,000 to the project cost. This project was originally budgeted in the General Fund only; however, as funding became available in the Council District 5 Construction and Conveyance Tax Fund, this budget was increased to ensure adequate funding to complete the project.

Notes:

* The anticipated maintenance costs have been incorporated into the 2006-2007 Adopted Operating Budget.

This project was previously titled "Pacific Gas and Electric (PG&E) Easement at Wenlock Drive".

CSA Outcome: Safe and Clean Parks, Facilities and Attractions **Revised Start Date:**
Department: Parks, Recreation and Neighborhood Services **Initial Completion Date:** N/A
Council District: 7 **Revised Completion Date:**
Location: Various

Description: This project provides funding for capital infrastructure improvements, such as updating irrigation systems, replacing water-intensive landscaping with lower water usage plants, and replacing fixtures, furnishings and equipment that require frequent repairs, to help reduce ongoing operating and maintenance costs. This funding is provided for three years, starting in 2004-2005, per City Council direction.

Justification: This project provides funding to implement an aggressive capital maintenance effort to reduce ongoing operation and maintenance costs for parks and community facilities.

Major Changes in Project Cost:

2007-2011 CIP - increase of \$150,000 per the Mayor's 2006-2007 June Budget Message. This action was requested by the Council District 7 Office, since the construction of this community center is a high priority for the District.

Notes:

This allocation is provided per the request of the Council District 7 Office. The City is anticipating receiving \$200,000 from the San José Redevelopment Agency for the design phase of this project. Additional funding of \$150,000 is provided in the Parks City-wide Construction and Conveyance Tax Fund for this project. The center will be built and operated by a non-profit organization, and there will be substantial private fundraising to complete its construction. Therefore, the project completion date is not known at this time.
